Gratitude for this freedom beat in him as steady as his heartbeat..All this went rushing through his mind like a flood breaking through a dam, while he stood at the edge of the woods with Veil. All her will was aimed on walking forward; she had nothing else in her mind, not him, not anything. But she was there bodily with him, and he felt her presence as keenly and strangely as when she had come to his summoning. The rain ran down her naked head and body. He made her stop to put on his shirt. He was ashamed of it, for it was filthy, he having worn it all these weeks. She let him pull it over her head and then walked right on. She could not go quickly, but she went steadily, her eyes fixed on the faint cart track they followed, till the night came early under the rain clouds, and they could not see where to set their feet..his lips close to Otter's ear. He came no closer, but said words that might ease the dying, and went on..Golden reassured him that the wizard had actually said so, though of course what kind of a gift remained to be seen. I see things unknown to other men. I share the secrets of the King. And when he leaves me, he hides in the place of ordure, in foulness itself, and yet again in the vile place he waits for me to come and take him up and cleanse him as he cleansed me, so that each time we grow purer together." The wizard took Otter's arm and walked along with him. He said, smiling and confidential, "I am one who shits moonlight. You will not know another such. The door opened as a resonant voice behind it said, "Come in!" or an archmage. To keep the cold and damp out of his bones. Not his own notion. Silence had come. He added, "Too late,"..How the man had escaped him, Early did not know, but two things were certain: that he was a far more powerful mage than any Early had met, and that he would return to Roke as fast as he could, since that was the source and center of his power. There was no use trying to get there before him; he had the lead. But Early could follow the lead, and if his own powers were not enough he would have with him a force no mage could withstand.
