It just became a habit, since they seemed to have developed a bond between them and none of the other three complained. Neither of the other women seemed to be suffering in any way. I didn't do it to be mean, honest Nor did I do it because the promise held out by heroic fantasy? the promise of escape into a wonderful Other world? is one I find temperamentally unappealing. On the contrary. It's because I understand the intensity of the demand so well (having spent my twenties reading Eddison and Tolkien; I even adapted *The Hobbit* for the stage) that I also understand the absolute impossibility of ever fulfilling that demand. The current popularity of heroic fantasy scares me; I believe it to be a symptom of political and cultural reaction due to economic depression. So does Robin Scon Wilson (who electrified a Modern Language Association seminar by calling *Dune* a fascist book), and Michael Moorcock (see his jacket copy for Norman Spin-rad's *The Iron Dream*, a novel which vehemently denounces the genre in the same terms Wilson does), and the writers of *Bored of the Rings*, the Lampoon parody, from which came "Arrowroot, son of Arrowshirt". "We had our first formal meeting with the Chinese yesterday, and we've already made our first official decision." He glanced at the replica of the star-robot probe again. "SP3 now has a name. At intervals that varied unpredictably the furniture within this living room would rearrange itself, and suddenly you would find yourself face-to-face with a new conversational partner. You could also, for 8 few dollars more, hire a sofa or armchair that you could drive at liberty among the other chairs, choosing your partners rather than leaving them to chance. Relatively few patrons of Partyland exercised this option, since the whole point of the place was that you could just sit back and let your chair do the driving.. "I don't know. I don't want you to get in trouble." "Oh, yes." it's such a good idea. Just look what we've done with it But all motion hi nature is confined to up and. If the first trip had been an ordeal, this one was an agony: a frantic thrust through the sultry night on the steaming river, Moises sweating over the throttle as Nolan held Darlene's shuddering shoulders against the straw mattress in the stern of the vibrating launch. Thomas Disch is one of the handful of writers whose work is as much admired by critics (and readers) of mainstream as well as science fiction. He wrote six fine stories for F&SF in the 1960s. Since then he has published poetry (*The Right Way to Figure Plumbing*), an anthology, *Bad Moon Rising*, and three remarkable novels, *The Genocides* (1964), *Camp Concentration* (1968) and 334.
