Medra..There are some who say that the school had its beginnings far differently. They say that Roke used to be ruled by a woman called the Dark Woman, who was in league with the Old Powers of the earth. They say she lived in a cave under Roke Knoll, never coming into the daylight, but weaving vast spells over land and sea that compelled men to her evil will, until the first Archmage came to Roke, unsealed and entered the cave, defeated the Dark Woman, and took her place..and stopped and undid it word by word.. I wish I could get away from it! I wish I could just walk with you, like this... And I wish you wouldn't go north.".. "Where?".. torment, burned alive. It had come down through the generations of the descendants of Serriadh, and was their most precious possession. On it was carved a figure written nowhere else, the Bond Rune or Rune of Peace, believed to be a guarantee of peaceful and righteous rule. "Let the Kargish king wear Morred's ring," the Queen Mother said. So, bringing it as the most generous of gifts and in pledge of peaceful intent, Erreth-Akbe went alone to the City of the Kings on Karego-At..of the Earth..that maybe the map of the earth underfoot that was forming in his mind could be put to some good..fell from his lap, and he took the hearth broom and swept them into the ashes. Eventually these dragon-people separated into two kinds of being, incompatible in their habits and desires. Perhaps a long geographical separation caused a gradual natural divergence, a differentiation of species. The Pelnish Lore and the Kargish legends maintain that the separation was deliberate, made by an agreement known as verw nadan, Vedurnan, the Division.."Oh, it's you who have it to spare, sir. the latest. He must ask Master Birch to provide him an advance on his salary to pay for ship-passage and lodging, for a wizard of Roke should not take advantage of people's willingness to give him whatever he needed, but pay his way like an ordinary man. As Birch agreed with this, he had to give Ivory a purse for his journey. It was the first real money he had had in his pocket for years: ten ivory counters carved with the Otter of Shelieth on one side and the Rune of Peace on the other in honour of King Lebannen. "Hello, little namesakes," he told them when he was alone with them. "You and the cheese money will get along nicely." "He knows a curer, maybe." "A group of young men," said the Herbal, breathless, as he came to them. "Thorion's army. Coming here. To take the girl. To send her away." He stood and drew breath. "The Doorkeeper was speaking with them when I left. I think -". "Let me in, mother," he whispered in the tongue that was as old as the hill. The ground shivered a little and opened.
