Sometimes she frightened him, and he resented it. His dreams of her were never of her yielding to him, but of himself yielding to a fierce, destroying sweetness, sinking into an annihilating embrace, dreams in which she was something beyond comprehension and he was nothing at all. He woke from those dreams shaken and shamed. In daylight, when he saw her big, dirty hands, when she talked like a yokel, a simpleton, he regained his superiority. He only wished there were someone to repeat her sayings to, one of his old friends in the Great Port who would find them amusing. ""I have the cheese money,"" he repeated to himself, riding back to Westpool, and laughed. "I do indeed," he said aloud. The black mare nicked her ear..of pulling it off, but it pleased him as a gesture of disrespect to all the piety and pomposity of."It's him has to go." "All right," I said.."No," Otter said, and hesitated. He felt he owed this man an explanation. A big, strong, awkward, ignorant, innocent, angry woman, yes. But ever since she was a child Rose had seen something more in her, something beyond what she was. And when Irian looked away from the world like that, she seemed to enter that place or time or being beyond herself, utterly beyond Rose's knowledge. Then Rose feared her, and feared for her..The air was darkening around them. The west was only a dull red line, the eastern sky was shadowy."But why?".there was enough, was all..Irioth came up onto the doorstep. He did not go in, but spoke in the open door. The book convinced him that all of them were only shadows or hints of a greater mastery. As one true element controlled all substances, one true knowledge contained all others. Approaching ever closer to that mastery, he understood that the crafts of wizards were as crude and false as Losen's title and rule. When he was one with the true element, he would be the one true king. Alone among men he would speak the words of making and unmaking. He made the spell and said the word once more, and as a sea tern flew up on quick, laboring wings to the top of the cliffs. Then, possessed by flight, he flew on over a shadowy sunrise land. Far ahead, bright in the first sunlight, he saw the curve of a high green hill..Only a few steps ahead of them now was the place where underfoot, underground, two or three feet down, dark water crept and seeped through soft earth over the ledge of mica. The water ran cold. Gathering herself together, her limbs still soft and loose, she looked up and saw on the bank above her the black figure of a man..made one gesture of her hand, downward to the earth..like a horse rearing and then rolled so hard and far that the mast broke loose from its footing..Early had them put to death along with the man who reported them to him. He brought the boards from Sixth's mill in Re Albi, driving Gammer's ox-team; he laid the floor and polished it the next day, while the old wizard was up at Bog Lake gathering simples. When Dulse came home there it was, shining like a dark lake itself. "Have to wash my feet every time I come in," he grumbled. He walked in gingerly. The wood was so smooth it seemed soft to the bare sole. "Satin," he said. "You didn't do all that in one day without a spell or two. A village hut with a palace floor. Well, it'll be a sight, come winter, to see the fire shine in that! Or do I have to get me a carpet now? A fleecyfell, on a golden warp?".
