We cherish the old stories for their changelessness. Arthur dreams eternally in Avalon. Bilbo can shivering arms.. She had never seen where he lived. He slept wherever he chose to, she imagined, in these warm summer nights, She asked him where the food they ate came from; what the School did not supply for itself, he said, the farmers round about provided, considering themselves well recompensed by the protections the Masters set on their flocks and fields and orchards. That made sense to her. On Way, "a wizard without his porridge" meant something unprecedented, unheard-of. But she was no wizard, and so, thinking to earn her porridge, she did her best to repair the Otter's House, borrowing tools from a farmer and buying nails and plaster in Thwil Town, for she still had half the cheese money..my name but the wizard, and my mother. And they're dead, they're dead... I said it in my sleep..."I can't call you." A chill ran through her. The water ran cold. She said nothing for a minute and then spoke out in a high, harsh voice. "Come up on to the hill, Thorion," she said..When he looked up and spoke it was with a hint of a melancholy smile. "All the mystery and wisdom of the Masters, when it's out in the daylight, doesn't amount to so much, you know. Tricks of the trade - wonderful illusions. But people don't want to believe that. On Roke, of course, you'll be perfectly safe. The very walls, there...But if you go home, you must be willing to protect yourself. It's a difficult thing for a young man, very difficult -- a test of a will that has not yet been steeled, a mind that has not yet seen its true goal. I very strongly advise that you not take that risk. Write your parents, and go to the Great Port, or to Roke.
