The Four Lands were governed from Awabath. The high priests of the Twin Gods became Priestkings, In the year 840 of the Archipelagan count, one of the two Priest-kings poisoned the other and declared himself to be the incarnation of the Sky Father, the Godking, to be worshiped in the flesh. Worship of the Twin Gods continued, as did the popular worship of the Old Powers; but religious and secular power was

henceforth in the hands of the Godking, chosen (often with more or less concealed violence) and deified by the priests of Awabath. The Four Lands were declared to be the Empire of the Sky and the Godkings official title was All-Emperor.. "Of course you do. You'd better. I'll witch you if you don't." Dulse had the big lore-book open on the table. He had been trying to reweave one of the Acastan Spells, much broken and made powerless by the Emanations of Fundaur centuries ago. He had just begun to get a sense of the missing word that might fill one of the gaps, he almost had it, and-"You might keep some goats," Silence said..The king left soon after, and the Master Windkey went with him. Before the king was to be crowned, they went to Gont and sought our lord, to find what that meant, "a woman on Gont". Eh? But they did not see him, only my countrywoman Tenar of the Ring. She said she was not the woman they sought. And they found no one, nothing. So Lebannen judged it to be a prophecy yet to be fulfilled. And in Havnor he set his crown on his own

When she stumbled he caught her arm. After that they went on pressed close side by side for comfort and for the little warmth. They walked slower, and yet slower, but they walked on. There was no sound but the sound of the rain falling from the black sky, and the little kissing squelch of their sodden feet in the mud and wet grass of the track..It was Golden's grandest party yet, with a dancing floor built on the town green down the way from Golden's house, and a tent for the old folks to eat and drink and gossip in, and new clothes for the children, and jugglers and puppeteers, some of them hired and some of them coming by to pick up whatever they could in the way of coppers and free beer. Any festivity drew itinerant entertainers and musicians it was their living, and though uninvited they were welcomed. A tale-singer with a droning voice and a droning bagpipe was singing The Deed of the Dragonlord to a group of people under the big oak on the hilltop. When Tarry's band of harp, fife, viol, and drum took time off for a breather and a swig, a new group hopped up onto the dance floor. I only know that since I set foot on that hill I've been as I was when."Come" she said, "before you fall asleep there," and he followed her obediently to Berry's room, which wasn't much more than a cupboard built onto the corner of the house. Her room was behind the chimney. Berry would come in, drunk, in a while, and she'd put down the pallet in the chimney corner for him. Let the traveler have a good bed for a night. Maybe he'd leave a copper or two with her when he went on. There was a terrible shortage of coppers in her household these days..Sail home to the houses of the sunrise, Hasa.. Then he would see the mountain, all the sweep and cresting of it, over the calm waters where he used to try to raise up the magewind when he was twelve; and sailing on he would see the towers rise up from the water, dim at first, mere dots and lines, then lifting up their bright banners, the white city at the center of the world..completely forgot! So we grieved for our lord..She had no wish to explore for herself. The peacefulness of the place called for stillness..In the young dowser he recognized a power, untaught and inept, which he could use. He needed much more quicksilver than he had, therefore he needed a finder. Finding was a base skill. Gelluk had never practiced it, but he could see that the young fellow had the gift. He would do well to learn the boy's true name so that he could be

sure of controlling him. He sighed at the thought of the time he must waste teaching the boy what he was good for. And after that the ore must still be dug out of the earth and the metal refined. As always, Gelluk's mind leapt across obstacles and delays to the wonderful mysteries at the end of them..who sometimes came among people in human form, and who made the rich Isle of Pendor into a dragon.Tell him what he sees, Anieb whispered in Otter's mind, and he spoke: "A stream runs through darkness over a glittering roof. Under the roof is the House of the King. The roof stands high above the floor, on high pillars. The floor is red. All the pillars are red. On them are shining runes." "Get the sail down," Medra said, peremptory. The master yawned and cursed and began to shout commands. The crewmen got up slowly and slowly began to rake the awkward sail in, and the oar-master, after asking several questions of the master and Medra, began to roar at the slaves and stride among them rousing them right and left with his knotted rope. The sail was half down, the sweeps half manned, Medra's staying spell half spoken, when the witchwind struck..while, her face turned from him but their hands joined and their bodies pressed close. And in Havnor he set his crown on his own head..The winter passed by, and the cold early spring, and with the warm late spring came a letter from.something heavy in a cloth..A while after that he left Pendor, drawn southward again, and maybe went to Ensmer. In one guise or another he came at last to Geath in the Ninety Isles.. "Not for the same reasons as you," she said, "but I still want to. And we came all this way. And you know my name." .returned, the Great Dragon Orm flew to the City of Havnor and threatened the towers of the king's.outer courts. .. Why is it so? Are all women incapable of understanding? So both men and women of great power raised the Great House on Roke. Its cornerstone was set on a hilltop above Thwil Town, near the Grove and looking to the Knoll. Its walls were built not only of stone and wood, but founded deep on magic and made strong with spells.. "Maybe with such teaching you could teach the wizards a lesson," Mead said..they think they've learned everything, they can go out again.
