The eggs of mammals are very small, very delicate, very easily damaged. "Have you tried to agree with her?" 268. Dramatization is another. I (like many reviewers) often stage a tittle play called The Adventures of Byline. Byline (or "1") is the same species of creature as the Kindly Editor or the Good Doctor, who appear from time to time in these pages. That is, she is a form of shorthand. When Byline rewrites story X, that doesn't mean that I? the real, historical personage? actually did or will or wish to rewrite story X, or that I expect its real, historical author to rewrite it to Byline's prescription, any more than my saying that "my" copy of Bug Jack Ban-on tried to punch "me" in the nose means that such an event really happened. Pauline Kael's Movie Loon is another such fiction; these little creatures we send scurrying about the page are not our real, live selves, and their exploits are dictated more by the exigencies of our form than by a desire for personal glory. bedspread had been pulled askew exposing part of the clean, but dingy, sheet. Once more she vanished while he slept, and he hadn't seen her all day. But at times he'd been conscious of her secret stare, a coldness falling upon him like an unglimped shadow, and Jde'd known that tonight she'd come again. 46. "Who is your friend?" asked Amos. Though he had not heard the beginning of the story, the whole tavern seemed far too quiet for a Saturday night. "That*! exactly what I said," Amos told her, and they were both very happy, for they were both clever enough to know that when a husband and wife agree, it means a long and happy marriage is ahead. performance has ever been? A haven to which the people can flee should a second phenomenal ram-fall again cause the Twin Rivers to overflow their banks to such an extent that the entire Plain becomes inundated. Living on that Plain, the members of Local 209 stand to benefit from the Project as much as the rest of the people. For them to have, in effect, sabotaged such a noble undertaking is, frankly, beyond my comprehension, unless their motive for doing so can be partially attributed to their unwitting acceptance of the popular interpretation of the Project's purpose..my life was that she did not have Selene's conscious coordination.
